4.2 Bitkern, Power Mining

5. Multi-Sig Service Partners

5.1 Nunchuk, Unchained Capital

5.2 Casa, Onramp Business

6. Corporate Treasury Partners

7. Tax Reporting Partners

8. Trading Bot Partners

8.1 Cloud Non-Custodial (3Commas, Coinrule, Cryptohopper)

8.2 Self-Hosted (unCoded, Freqtrade, Hummingbot)

8.3 Bitcoin DCA (Relai, 21bitcoin, Pocket Bitcoin)

9. Revenue Summary

10. Implementation Roadmap

1. Executive Summary

Virtuse operates as a **Bitcoin-only information and referral platform** from the Slovak Republic. By design, Virtuse does not seek a MiCA CASP license. Instead, it generates revenue by referring users to licensed partners across six service categories -- all within the non-MiCA boundary.

Category	Partners	Regulatory Status	Est. Y1 Revenue
CASP Referrals	4 (Relai, 21bitcoin, Bitpanda, Coinbase)	MiCA-licensed partners handle all custody/execution	EUR 200-500K
Mining Hosting	5 (OneMiners, NiceHash, Abundant Mines, Bitkern, Power Mining)	NOT MiCA-regulated (mining is not a CASP activity)	EUR 50-150K
Multi-Sig Services	4 (Nunchuk, Unchained, Casa, Onramp)	NOT MiCA-regulated (Recital 83 exemption)	EUR 25-75K
Corporate Treasury	3 (Coinbase Institutional, Sygnum, BitGo)	MiCA-licensed CASPs for execution	EUR 50-200K
Tax Reporting	3 (Blockpit, Waltio, Divly)	NOT MiCA-regulated (pure software)	EUR 30-80K
Trading Bots	7 (3Commas, Coinrule, Cryptohopper, unCoded, RevenueBot, Freqtrade, Hummingbot)	Non-custodial software tools	EUR 45-150K
TOTAL	26 partners across 6 categories		EUR 400K-1.15M

The Core Principle

Virtuse owns the **user relationship** and the **information layer**. Licensed partners own the **regulated financial layer**. Revenue flows to Virtuse through affiliate commissions, subscription fees, and SaaS tool fees -- never through trading spreads, custody fees, or execution markups.

2. The Legal Framework

2.1 What Virtuse Cannot Do (MiCA Regulated)

MiCA Service	Status	Boundary
Custody of crypto-assets	PROHIBITED	Never hold client private keys or funds
Operate a trading platform	PROHIBITED	Never match orders or provide execution venue
Exchange crypto for fiat	PROHIBITED	Never trade against own capital
Execute orders on behalf of clients	PROHIBITED	Never sign transactions for users
Portfolio management	PROHIBITED	Never discretionarily manage portfolios
Personalised advice	PROHIBITED	Never tailor recommendations to individual circumstances

2.2 What Virtuse Can Do (Non-MiCA Safe Harbor)

Activity	Status	Legal Basis
Referral/affiliate links to licensed CASPs	PERMITTED	MiCA regulates the CASP, not the referrer
General market information & media	PERMITTED	Non-personalised content is not "advice"
Non-custodial software tools	PERMITTED	Recital 83 excludes non-custodial wallet software
Tax reporting information tools	PERMITTED	Pure information/analysis, not financial services
Trading bot software (trade-only API)	PERMITTED	Software tool, not financial intermediary (FINMA guidance)
Mining hosting referrals	PERMITTED	Mining is not a CASP activity under MiCA
Multi-sig coordination software	PERMITTED	Recital 83 exemption for non-custodial wallets

The Three Red Lines

- 1. No custody** -- Virtuse never holds private keys or funds.
- 2. No execution** -- Virtuse never signs transactions or places orders.
- 3. No personalised advice** -- All content is uniform, never tailored to individual circumstances.

3. CASP Referral Partners (Bitcoin-Only)

How CASP Referrals Work

User clicks Virtuse referral link -- completes KYC on licensed CASP platform -- CASP handles all custody, execution, compliance. Virtuse receives CPA (per funded account) or revenue share (% of trading fees). User onboarding happens entirely on the CASP's platform; Virtuse handles no funds or KYC data.

Relai TOP PICK MiCA CH/FR

Switzerland / France | MiCA CASP (AMF) | First Bitcoin-only MiCA license | 130K+ users | \$1B+ volume

Model	Bitcoin-only buy/sell (EUR/CHF), recurring DCA, bank transfer & card
Commission	20-30% revenue share + CPA EUR 10-25 per funded account
Virtuse angle	Mission-aligned (Bitcoin-only); Swiss quality; strongest European DCA product; 300% YoY growth
Action	Sign up at relai.app/affiliates

21bitcoin BTC-ONLY MiCA AT

Austria | MiCA CASP (FMA) | Bitcoin-only | 100K+ users | 0.79% fees

Model	Bitcoin-only savings plan, daily/weekly/monthly DCA, auto-withdrawal to wallet in ~15 min
Commission	CPA + revenue share (negotiate directly)
Virtuse angle	Fastest auto self-custody; MiCA-licensed; DACH focus; BitGo custody (\$250M insurance)
Action	Contact 21bitcoin for partnership program

Bitpanda 3x MiCA AT/DE/MT

Austria | 3 MiCA licenses (FMA/BaFin/MFSA) | 4M+ users | Europe's most regulated platform

Model	Multi-asset (500+ tokens) but strong DCA; savings plan; card; institutional
Commission	20% lifetime revenue share
Virtuse angle	Deepest EU regulatory coverage; strongest DCA product; high trust; Bitcoin can be featured exclusively
Action	Sign up at bitpanda.com/en/affiliate

Coinbase **LARGEST** **MiCA** **LU**

Luxembourg | MiCA CASP (CSSF) | 100M+ verified users | Full MiCA + MTF license

Model	Full retail + institutional; deepest liquidity; most trusted brand globally
Commission	50% of trading fees for first 3 months
Virtuse angle	Largest regulated EU CASP; brand trust for newcomers; deep liquidity; Coinbase One subscription revenue
Action	Sign up at coinbase.com/affiliates

CASP Revenue Summary

Partner	Commission Type	Est. per User/Year	Target Y1 Users	Est. Y1 Revenue
Relai	20-30% rev share	EUR 15-40	500	EUR 7,500-20,000
21bitcoin	CPA + rev share	EUR 10-35	300	EUR 3,000-10,500
Bitpanda	20% lifetime rev share	EUR 20-60	400	EUR 8,000-24,000
Coinbase	50% fees (3 months)	EUR 15-50	300	EUR 4,500-15,000
TOTAL			1,500	EUR 23,000-69,500

4. Mining Hosting Partners

Regulatory Status

Mining hosting is **NOT a MiCA-regulated activity**. Mining companies operate under general business and energy regulations. This makes them ideal non-regulated referral partners. No CASP license is involved.

OneMiners

TOP PICK

CZ

Czech Republic | Top 5 EU ASIC reseller | 10,889 referred users | \$732K paid out

Commission Up to \$500 per order; Karma tier system (Explorer/Builder/Elite/Legend)

Hosting Norway, Finland, Ethiopia | From \$0.043/kWh

Action Sign up at oneminers.com/partners

NiceHash

MARKETPLACE

SI

Slovenia | Global hashpower marketplace | No hardware purchase needed

Commission 15% of mining fees paid in BTC

Model Plug-and-play mining: rent/buy hashpower, no ASIC ownership

Action Apply at nicehash.com/partners

Abundant Mines

US/EU

Professionally managed infrastructure | Renewable energy focus

Commission \$200 BTC per miner referred; referred gets 1 month free

Action Contact for partnership agreement

Bitkern

SCALE

EU

Europe | 85,000+ ASICs across 14+ locations | 24h deployment

Commission Negotiate directly (no public program)

Pricing EUR 0.045/kWh LITE; EUR 0.055/kWh PRO

Action Contact sales@bitkern.com for introducer agreement

Power Mining OPEN SOURCE DK

Denmark | EU warehouse | Bitaxe open-source hardware | 22K+ products

Commission	Up to 10% per sale (GoAffPro)
-------------------	--------------------------------------

Action	Join GoAffPro program at powermining.io
---------------	--

5. Multi-Sig Service Partners

Regulatory Status

Multi-sig software is **NOT MiCA-regulated**. MiCA Recital 83 explicitly excludes "hardware or software providers of non-custodial wallets." These are software tools; Virtuse never holds any key.

Nunchuk TOP PICK GLOBAL

Bitcoin-only | No KYC | On-chain inheritance via timelocks

Cost	Free app + \$480/year top plan
Affiliate	None formal -- integrate as education partner
Key feature	On-chain inheritance survives even if Nunchuk ceases operations
Action	Integrate tutorials into Virtuse education; co-marketing arrangement

Unchained Capital REFERRAL US

Collaborative custody + Bitcoin-backed lending | 2-of-3 multi-sig

Commission	\$250 credit for referrer AND referred (Signature program)
Services	Multi-sig, Bitcoin lending, IRA/401k, inheritance
Action	Sign up at unchained.com/signature

Casa MARKET LEADER US

Gold standard for consumer multi-sig | \$250+/year

Affiliate	No formal program -- feature as industry standard
Action	Reference in education content; contact for partnership

Onramp Business CORPORATE US

Purpose-built for corporate treasuries | Multi-institution custody

Cost	\$375/month (\$3,600/year) + \$500 setup
Architecture	Multi-sig across 4 institutions: Onramp/BitGo/CoinCover/Tetra Trust
Action	Contact for B2B referral/introducer agreement

6. Corporate Treasury Partners

Regulatory Status

These are **MiCA-licensed CASPs** that Virtuse refers corporate clients to. Virtuse provides education only – never discretionary management, custody, or execution. All regulated activity is handled by the licensed partner.

Coinbase Institutional TOP PICK MiCA LU

MiCA CASP (CSSF) | \$320M insurance | 13+ years track record | All 27 EU states

Product	Coinbase Prime: custody + execution + algorithmic trading + financing
Commission	B2B introducer fee (negotiate directly)
Action	Contact Coinbase Institutional partnerships team

Sygnium BANK CH

FINMA banking license | Only regulated digital asset bank | CHF 4B+ AuA

Product	Sygnium Select: discretionary mandates for corporate treasuries (\$200M AuM)
Commission	B2B referral fee (negotiate directly)
Action	Contact Sygnium institutional sales

BitGo CUSTODY MiCA DE

MiCA CASP (BaFin) | \$250M insurance | ETP-grade custody

Product	Institutional custody: cold storage, multi-sig, API integration
Commission	B2B introducer fee (negotiate directly)
Action	Contact BitGo EU partnerships

7. Tax Reporting Partners

Regulatory Status

Tax reporting software is **NOT MiCA-regulated**. These are pure information tools. No license required.

Blockpit TOP PICK AT

Austria | 700+ integrations | Partner of Bitpanda & BISON

Price	EUR 49+/year Free portfolio tracking
Affiliate	Negotiate 10-15% discount for Virtuse users + revenue share
Countries	DE, AT, CH, IT, ES, NL, FR
Action	Contact partnerships@blockpit.io

Waltio FRANCE FR

4.7/5 rating | 600+ reviews | French tax forms | DeFi support

Price	EUR 39+/year
Affiliate	Contact directly
Action	Contact for partnership/introducer arrangement

Divly PRIVACY SE

Sweden | 14-min import-to-report | No KYC | Privacy-focused

Price	EUR 39/year (Essential); EUR 99 Peace of Mind
Affiliate	Contact directly
Action	Contact for partnership discussion

8. Trading Bot Partners

Regulatory Status

Non-custodial trading bots are **software tools**, not financial intermediaries. FINMA and MiCA legal analysis confirm that bots using trade-only APIs (no withdrawal permissions) fall outside MiCA's custody obligations.

8.1 Cloud Non-Custodial Bots

3Commas TOP PICK HIGHEST PAYOUT

2M+ traders | DCA/Grid/AI bots | 15+ exchanges | Since 2017

Commission	Up to 25% recurring rev share + performance bonuses + new user CPA
Payout	USDC (ERC20), monthly
Key stat	Automation users trade 5x more volume than manual traders
Action	Sign up at 3commas.com/affiliates

Coinrule NON-CUSTODIAL YC-BACKED

Explicitly non-custodial | Trade-only API | 410K+ traders | 950K+ self-custody trades

Commission	Negotiate directly -- growth stage, partnership-friendly
Virtuse angle	"Keep custody while automating execution" -- exact Virtuse message
Action	Contact Coinrule for partnership

Cryptohopper BEGINNER

Beginner-friendly | Copy trading | Paper trading | Cloud platform

Commission	10-20% per subscription sale 30-day cookie
Payout	Monthly via Payoneer/ACH
Action	Sign up at cryptohopper.com/affiliate

8.2 Self-Hosted / Open-Source Bots

unCoded **SELF-HOSTED** **EU SERVERS**

Self-hosted on user's VPS | 150+ indicators | TradingView webhooks | EU servers

Model	One-time license (EUR 200-500) + optional support subscription
Virtuse angle	"Sovereign automation" -- user owns the infrastructure; no API key exposure
Action	Create "Sovereign Automation" setup guide; charge EUR 200-500 setup fee

Freqtrade **OPEN SOURCE** **FREE**

Python-based | Free | Unlimited strategies | Active community

Model	Fully free and open-source
Virtuse angle	Build paid course: "Deploy Your Own Bitcoin Trading Bot" (EUR 99-499)
Action	Create course + strategy templates + VPS setup guide

RevenueBot **BTC PAYOUTS**

Cloud DCA/Grid | Binance/OKX/Bitget

Commission	30% referral commission paid in BTC Min payout 0.003 BTC
Action	Sign up for referral program

8.3 Bitcoin-Only DCA (Simplified Bots)

Pocket Bitcoin **NO KYC** **DE**

Germany | No signup | Standing order from bank | Direct to hardware wallet

Commission	Negotiate directly
Virtuse angle	Purest Bitcoin-only DCA; no KYC; bank-to-wallet in one step
Action	Contact for referral/affiliate arrangement

Strike

Jack Dorsey backed | Bitcoin-only | Lightning-native | EU since April 2024

Commission Negotiate directly**Virtuse angle** Fee waiver after first week; Lightning-native; growing EU presence**Action** Contact Strike for EU partnership**Trading Bot Revenue Summary**

Partner	Commission	Est. per User/Year	Target Y1 Users	Est. Y1 Revenue
3Commas	25% rev share	\$30-120	500	EUR 15,000-60,000
Coinrule	Negotiated	\$20-80	300	EUR 6,000-24,000
Cryptohopper	10-20%	\$24-96	200	EUR 2,000-8,000
unCoded	Setup fee	EUR 200-500 one-time	100	EUR 20,000-50,000
RevenueBot	30% in BTC	EUR 50-200	200	EUR 3,000-12,000
Fregtrade course	Course fee	EUR 99-499 one-time	150	EUR 15,000-75,000
TOTAL			1,450	EUR 61,000-229,000

9. Complete Revenue Summary

Category	Partners	Est. Y1 Revenue (Conservative)	Est. Y1 Revenue (Optimistic)
CASP Referrals	4	EUR 23,000	EUR 70,000
Mining Hosting	5	EUR 50,000	EUR 150,000
Multi-Sig Services	4	EUR 25,000	EUR 75,000
Corporate Treasury	3	EUR 50,000	EUR 200,000
Tax Reporting	3	EUR 30,000	EUR 80,000
Trading Bots	7	EUR 61,000	EUR 229,000
TOTAL	26 partners	EUR 239,000	EUR 804,000

TOTAL ADDRESSABLE PARTNER REVENUE (YEAR 1)

EUR 239,000 -- 804,000

Additional Revenue Streams (Beyond Referrals)

Stream	Model	Est. Y1 Revenue
Premium newsletter subscription	EUR 29-99/month	EUR 10,000-30,000
Quarterly research reports	EUR 500-2,000/report	EUR 10,000-20,000
Corporate treasury workshops	EUR 5,000-25,000/engagement	EUR 25,000-100,000
"Sovereign Automation" bot setup	EUR 200-500/setup	EUR 20,000-50,000
Freqtrade/Hummingbot courses	EUR 99-499/course	EUR 15,000-75,000
SUB-TOTAL		EUR 80,000-275,000

GRAND TOTAL (REFERRALS + DIRECT REVENUE)

EUR 319,000 -- 1,079,000

Revenue by User Segment

Segment	Services	Est. ARPU/Year	Target Users
Retail	CASP referrals, DCA bots, tax, mining (small)	EUR 100-300	3,000
HNWI	Multi-sig, treasury, premium research, mining (large)	EUR 500-2,000	200

Corporate	Treasury education + referrals, white-label research	EUR 5,000-25,000	10-20
------------------	--	------------------	-------

10. Implementation Roadmap

Phase	Timeline	Actions	Target Revenue
Phase 1: Quick Wins	Week 1-2	Sign up for: 3Commas, OneMiners, NiceHash, Unchained, Bitpanda, Coinbase affiliate programs. Create tracking dashboard.	EUR 0
Phase 2: Partnership Negotiation	Week 2-4	Contact Blockpit, Coinrule, RevenueBot for partnership deals. Contact Coinbase Institutional, Sygnum, BitGo for B2B introducer agreements. Contact Pocket Bitcoin, Strike.	EUR 0
Phase 3: Content Launch	Month 1-2	Launch partner comparison pages: "Best Bitcoin Mining Hosting in Europe," "Best Bitcoin Tax Software," "Best Bitcoin Trading Bots." Integrate Nunchuk tutorials into education content.	EUR 2,000-5,000
Phase 4: Premium Services	Month 2-4	Launch premium newsletter. Launch "Sovereign Automation" setup service for unCoded/Freqtrade. Create first quarterly research report. Begin corporate treasury outreach.	EUR 10,000-25,000
Phase 5: Scale	Month 4-8	Expand to all 26 partners. Launch dedicated partner directory on virtuse.com. Develop Freqtrade/Hummingbot courses. Launch white-label research for family offices. Add Bitkern, Power Mining, Casa, Onramp.	EUR 50,000-150,000
Phase 6: Optimisation	Month 8-12	Analyse partner performance. Double down on top 5 revenue generators. Negotiate better rates. Launch "Sovereign Individual" premium toolkit. Establish recurring revenue base.	EUR 100,000-300,000

Key Metrics to Track

Referral revenue -- Monthly affiliate income by partner and category

Click-through rate -- % of Virtuse visitors who click partner links

Conversion rate -- % of clickers who complete signup/deposit on partner platform

Revenue per user -- Total partner revenue divided by active users

Partner NPS -- User satisfaction with referred services (quarterly survey)

Content engagement -- Time on partner comparison pages, video completion rates

The Portfolio Flywheel

Layer	Services	Revenue Model
1. Attract (Free)	Bitcoin media (podcast, newsletter, research), community	Audience building; CASP referral clicks

2. Engage (Low-cost)	Wallet tracker, portfolio analytics, tax comparison, bot comparison	Affiliate commissions; tool referrals
3. Convert (Revenue)	CASP referrals, mining hosting, trading bots, multi-sig, tax subscriptions	Revenue share; CPA; setup fees
4. Premium (High-value)	Corporate treasury education, HNWI research, sovereign individual toolkit, white-label research	Subscription fees; engagement fees; course sales

Bottom Line

Virtuse can build a **EUR 300K-1M+ annual revenue business** across **26 partners in 6 categories** -- all without a MiCA CASP license. The key is staying permanently in the information, software, and referral layers while licensed partners handle all regulated financial activity. Every service reinforces the others, creating a flywheel where free content attracts users, tools engage them, referrals monetise them, and premium services extract maximum value from the highest-value segment.
